

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re U.S. Patent 5,369,547 to:

DAVID A. EVANS

Issued: November 29, 1994

For: ELECTROLYTIC CAPACITOR

APPROVED

MAR 20 1995

FOR THE COMMISSIONER OF PAT. & T.M.

REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR 1.322

Honorable Commissioner of Patents and Trademarks
Washington, D.C. 20231

Dear Sir:

The undersigned requests correction of the referenced issued patent, pursuant to 37 CFR §1.322(a).

The errors listed in the attached Certificate, Form 1050, were noted upon review of the issued patent. These are printing errors that occurred on the part of the U.S. Patent and Trademark Office.

The corrections requested result almost exclusively from the failure of the printer to incorporate a Supplemental Amendment of issued claim 28 (original claim 24) that was filed June 3, 1994 by facsimile. The Examiner acknowledged receipt and entry of that Supplemental Amendment in item 1 of the Notice of Allowability, paper number 10, mailed June 8, 1994.

In view of the foregoing, the undersigned respectfully requests issuance of a Certificate of Correction.

Respectfully submitted,

LEYDIG, VOIT & MAYER
